PROFESSIONAL SUMMARY

A passionate UI/UX Designer and Web Developer with hands-on experience designing and shipping responsive, accessible digital products across healthcare, legal, hospitality, and SaaS domains. Skilled in translating complex workflows into intuitive, user-centered interfaces using Figma, Framer AI, React, and Next.js. Proven ability to deliver 0-to-1 products from wireframes through live deployment, with a strong focus on design systems, AI-assisted workflows, and seamless design-to-development collaboration.

EXPERIENCE

UI/UX Designer

33 Kuber Advisory India LLP · May 2025 – Present · Bengaluru, Indi

- Designed responsive interfaces and scalable design systems using Figma and Framer AI
- Improved usability through AI-powered feedback analysis and user journey optimization
- Led design-to-development handoffs using component-based UI architecture

Freelance UI/UX Designer & Frontend Developer

Independent / Creative Studios · Jan 2024 – Apr 2025 · Remote

- Delivered 20+ UI/UX and frontend projects for startups across healthcare, legal, hospitality, and social media
- Specialized in responsive design, prototyping, and AI-assisted layout ideation
- Developed live web applications using React, Next.js, HTML, CSS, and JavaScript.

Cyber Review Analyst

EPIQ Systems · Jan 2023 – Dec 2023 · Remote

- Reviewed and classified cyber-related data using automation-assisted workflows
- Improved data review efficiency by 15% through streamlined classification processes

Project Trainee – Frontend Development

Krify Software Technologies · May 2018 – Dec 2018 · On-site

- Developed Qapp, a quiz web app using HTML, CSS, JavaScript, PHP, and MySQL
- Improved frontend performance and UI consistency by 20%

PROJECTS

Glenns – Hospital Management System ([Live](#))

Tools: Figma, React, Next.js

Designed and developed a fully live HMS(Hospital Management System) with two role-based portals – Receptionist (registration, billing, bed management, discharge, analytics) and Doctor (dashboard, patient consultation, prescriptions, appointments). Complete 0-to-1 product from design through live deployment.

Medibank – Mobile App & Landing Page

Tools: Figma, AI-Design, Canva

Full healthcare mobile app across 7 modules – appointments, doctor consultation, health tracking, pharmacy, patient records, insurance, and onboarding.

Lawyer Management System – Multi-Dashboard App

Tools: Figma, Canva, AI-Tools

Designed a multi-dashboard web application for a legal firm with 5 role-based portals – Admin, Advocate, System Admin, Client, and Staff. Each dashboard was tailored to its user's specific tasks and permissions, supported by AI-assisted wireframing and a unified design system ensuring consistency across all interfaces.

Medini – Farmstay Booking Platform (Live)

Tools: Figma, Wix, AI-Tools

Designed a live farmstay website for Medini, nestled near Kaziranga National Park, Assam – blending luxury, tradition, and nature into a warm, immersive digital experience. The site covers room bookings, curated experiences (wildlife safari, farm-to-fork dining, cultural immersion), and an enquiry flow, with a visual identity rooted in Assam's craft heritage.

HR Management System

Tools: Figma, React, Next.js

A comprehensive HR dashboard system covering employee records, attendance, leave management, payroll processing, and analytics reports. Designed for smooth day-to-day HR operations with a clean, intuitive interface built on React and Next.js.

Driver on Hire

Tools: Figma, AI-Tools

Designed a Driver on Hire platform with three role-based portals – Admin, Company, and Driver. Admin verifies drivers and companies, companies post contract or full-time job listings, and drivers browse and apply for opportunities through a dedicated dashboard.

SKILLS

UI/UX Design – User-centered design, Wireframing, Prototyping, Design Systems

Tools – Figma, Framer AI, Canva

Frontend Development – HTML5, CSS3, JavaScript, React, Next.js, Bootstrap

Collaboration – Design-to-dev handoff, Component-based UI, GitHub, Agile

AI & Automation – Framer AI, AI-assisted workflows, AI-powered feedback analysis

EDUCATION

B.Tech – Computer Science and Engineering (CSE)

Andhra University · 2019 – 2022 · GPA: 7.25 / 10.0

Diploma – Computer Engineering

Andhra Polytechnic, Kakinada · 2016 – 2019 · Score: 69%
